

The LORD is my strength and my shield; My heart trusts in Him, and I am helped; Therefore, my heart exults, and with my song I shall thank Him. Psalm 28:7

Dear Ones,

It was through our Lord's gracious guidance and provision that 35 years ago we started our missionary journey with Trans World Radio (TWR). Through your loving partnership He made it possible for us to go and unfolded His plans for our life. From our very first assignment in the Hungarian Department in Monte Carlo, Monaco, through many years of service in Vienna, Austria, and during a technical project in Malawi, Africa, He has been our strength and shield. He helped us to learn new skills needed for the assignments and cope with the challenges at each location. Our hearts rejoice in His faithfulness at this milestone.

Living near The Master's University (TMU) in CA, where we served as missionaries-in-residence two years ago, I (Kalman) am taking advantage of a computer science course offered there for this semester. Learning the Python programming language at TMU provides me with skills to help in developing a software module for TWR's pending global project. It has to do with a new broadcast monitoring system that will be set up based on the KiwiSDR, a software defined radio receiver written in Python. Please, pray with us for the Lord's guidance in this project.

How grateful we are to the Lord for the privilege of serving with TWR that continues to broadcast the true Gospel in our world, where so much deception leads people astray. A listener wrote this from Romania: *"I love the program because it explains the Bible so clearly. We are a young Christian family and your radio programs are our commuting companion every weekday."*

It has been a delight for Annamarie to spend time with students regularly at The Master's University campus. And she enjoys teaching art to our four grandkids as part of their homeschooling curriculum.

Our desire is that the Lord's name may be magnified by our life, as we seek to make ourselves available for His purposes. Thank you for your continued partnership with us.

For the Master,

*Kalman & Annamarie*
