

Fresh Facts from the Fishers

Every Man a Warrior

**Lonnie Berger, Director of
TWR Men's Ministries**

"Why didn't someone tell me these things 20 years ago, before I made so many mistakes?"

The author of *Every Man a Warrior* explains, "Men are designed by God to fight for something. ...Men really struggle to be the lights to the world that God wants us to be." They get hooked on porn, their children leave the church, many get divorced.

To prevent those problems, or to overcome them, *Every Man a Warrior*, Book 1, guides men to start with 15 minutes daily alone with God, meditating on the Scripture and then praying back to the Lord whatever is on their hearts. So men begin a "walk with God" experience.

Check a video, either in brief form at <https://www.youtube.com/watch?v=0-dNEBoBVIU> or in detail at <https://www.youtube.com/watch?v=-ictVWE-6RU>. Or hear my interview with him at <https://www.twr360.org/ministry/16/truth-in-the-test-tube/lang.1> after May 1.

Composite Coverage

TWR's 230 languages reach 190 countries. We have a potential on-air audience of 4.2 billion people every day.

And through digital media, we talk to about 50,000 people daily on the TWR 360 app.

Libby told Mission Network News, "People don't come into the Kingdom in groups. They come in one at a time. And our goal is to help them meet Jesus, the closest friend they will ever have." *Most radio listeners are alone or with a friend, not distracted by a crowd, but free to concentrate on what they're hearing.*

May 2019

"A Jesus Transfusion"

Operatic singer Fague [FAYG] Springman's daughter was born with a rare blood disease. Transfusions gave temporary improvement, but the overall trend was downward.

Springman told her often how to prepare for heaven, using verses like "The blood of Jesus Christ, God's Son, cleanses us from all sin."

As she became weaker, he asked, "Honey, do you understand?" She looked up and answered, "Yes, Daddy, I need a Jesus transfusion."

Every cell of our bodies produces toxins that will poison us if they aren't removed promptly. The bloodstream picks up the waste matter and transports it to the organs that discharge it. "A Jesus Transfusion" is a great way to explain what Christ did (and does) for us.

Listeners Write...

From Colombia: "Excellent! I want to share this with my son who is skeptical because of the influence of science."

From the Russian Federation: "Thank you for your work. [It is] a reasoned biblical view of life problems, taking into account historical events and scientific discoveries. Such a format of radio programs attracts people who think and helps them come closer to the knowledge of the Truth."

From Chile: "...we already know that there is no contradiction between the scientific and the biblical facts. This approach helps [us] to understand [*with reason what he previously had to accept only by faith*]."

From our Czech producer: "Yesterday...a man...came to ask for recordings of TTT programs. He regularly listens...and is excited. He...had previously taught other people about the origin of life according to early communist theories, and now he is wondering about the shift in knowledge in these issues, [that] he may know about from TTT programs." [*It's not really a 'shift in knowledge' or new discoveries. The facts have made God's wisdom obvious "ever since creation." This man was teaching a Party line that he thought was true and now wants the real truth*].

From Peru: "Great program! I'm a university student, and it helps me a lot to defend my faith."

OVER >

Medical Updates

The latest PSA reading was incredibly low – 0.099! Meanwhile, our neurologist says the Parkinson's problem is improving. Medication seems to be keeping the leukemia at a non-threatening level.

We hope more tests will identify the problem that keeps me in my wheelchair nearly every waking minute (mostly working at the computer). Progress: A walker enables me to walk the equivalent of four football fields. Please join us in prayer that God will make every exercise, a step toward full recovery of walking.

Our Lips Are Sealed

An Arab who was saved through listening to TWR's Arabic programs spent over an hour talking with us in our home.

After he discovered our programs on TWR-Monte-Carlo, he bombarded the Arabic staff with question after question for more than a year. The producers answered them in depth.

They sensed intense spiritual hunger in this man. So they arranged that "During one year and a half, I received **every day** a minimum of one letter or...magazine with meditations and prayers. Little by little I began to understand the Christian faith. ...I began to accept the Bible as the Word of God and...to comprehend Jesus Christ's life... ...I began to recognize the meaning of grace. Since then, I have cherished the following Bible passage in my heart: 'For it is by grace you have been saved and this is not from yourselves, it is the gift of God, not by works.'"

He is a bold witness to Arabs in the U.S. If he is forced to return to his home country, he can face major pressure – or worse! So pray that the family's asylum application will be approved.

What's his name? Where is he from? For his safety, our lips are sealed. If you tell God you're interceding for the man saved through TWR and who visited us last month, He will know whom you mean.

New Language

The *Truth in the Test Tube* program recently became available in Bosnian, which is spoken by between 2.5 and 3.5 million people. You can check it out (in text or audio) at <https://www.twr360.org/ministry/16/lang,64>.

Prayer Targets

- **That Dave's health and strength will continue to improve.**
- **That he will be able to walk again, in God's time.**
- **That U.S. officials will grant political asylum to the anonymous Arab and his family.**
- **That Bosnian listeners will find the program and believe.**
- **That when Japanese begins, many listeners will find it soon.**
- **That God will convince listeners that we're telling them the Truth.**
- **That each grandchild will follow God's will in major life choices.**

More for the Money

When we first discussed producing the program in Japanese, we agreed on a price for translation, production, two FM stations, and on-line presence. Since then, our Japanese producers have negotiated to use **four** stations, at **no additional cost!**

It's still expensive. A 5-minute program costs \$552; that's \$110.40 per minute. But for several million potential listeners, it will be worth it! Want to help?

Yours for Christian credibility,
Dave and Eleanor Fisher
