

## Prayer Requests

- **Praise:** We are in awe of how God continues to provide for our support needs. He continually reminds us that He called us and He will provide through His people.
- **Pray:** Sam still needs to pass a couple of his GED tests before he can begin community college. Please pray with us that he will be able to start in the fall.

If you would like to be removed from our mailing list or would like to receive it by email, please let Kathy know at [knapier@twr.org](mailto:knapier@twr.org). How beautiful are the feet of those who preach the gospel of peace, who bring glad tidings of good things. (Romans 10:15b)

## TWR's Silk Road Transmitter Is On The Air

It's not every day that one gives birth to a new baby. At TWR, we're excited to announce that on June 10<sup>th</sup>, a new radio station was born—a 200,000-watt signal for Central Asia. It's called the Silk Road Transmitter, and it is now on the air broadcasting the Good News of Jesus to 60 million people in their heart language! Over the last year, I (Andy) spent much of my time conducting on-air fundraising campaigns at radio stations throughout the U.S. on behalf of this huge project. Because of your support of our work with TWR, you are playing an important role in carrying the Gospel to the people of Central Asia.

Thank you, and may God be praised!

(Andy with the WGRC Staff—Don Casteline, TWR's Larry Walters, Courtney Shuster, Andy, Bruce Matthews, and Bob Swaggerty)

## I finally made it to Gettysburg!

Being a Civil War buff, a visit to Gettysburg National Military Park has been on my (Andy's) bucket list for years, and now, I can mark it off. In April, I traveled to a WGRC in Lewisburg, PA for an on-air fundraiser. I truly enjoyed spending three days working with my new friends in Central Pennsylvania.

(John Edward in front of a cannon positioned at "Picket's Charge")

As a bonus, because John Edward was on Spring Break from school that week, he was able to travel with me. Prior to working at WGRC, the two of us spent a couple of days touring the hallowed grounds of Gettysburg while listening to music from the movie *Gettysburg* as well as the documentary *The Civil War* by Ken Burns. Thank you, Lord, for giving John Edward and I such a memorable father/son adventure!

## A Listener Story from El Salvador

“Glory to God. I believe this is a miracle from God how He used you as His instrument many years ago. I listened to this program when my father put it on in the mornings around 3:00-4:00 AM, El Salvador time. With great emotion, I listened to short wave Radio Trans Mundial from Bonaire, Antillas Holandesas and to your program, *A Través de la Biblia*. I was around 14 yrs old. I learned many words in Portuguese because you sent me Bible literature in Portuguese. I want to tell you that the Lord saved me when I was 13 yrs 6 months old. The desire to study the Bible was awakened in me. In 1976 when I was 25 yrs old, I asked for all the notes and outlines of the Bible and you sent them to me. I am an ordained minister of the Assemblies of God church where I began pastoring in 1975. After 11 years and 8 months, I went to another church where I have been serving for 26 years. I have been a facilitator in one of the Bible Institutes since 1975 and I want to tell you that during all of this time, God has given me the opportunity to serve doing His work. Your notes & outlines have helped me in sharing Bible truths with these students. I remember receiving one of your newsletters where I became acquainted with brother Samuel Montoya. Brothers, even though my father loved listening to your program for years, he did not give his heart to the Lord. But I want to tell you that one month before he died, he surrendered his heart to Jesus.”

### Eduardo

I love this story because it reminds us that God brings people to Himself in His time. Don't stop praying for and sowing seeds into the lives of those you love who do not yet know Him.

## Beauty is in the eye of the beholder!

This beautiful support for our swing was my Mother's Day gift. It was built with love, sweat, and repurposed wood from our old playset. Andy added new parts to it in order to make it more stable and strong. He, with the help of the boys, worked on this the week leading up to Mother's Day. Our swing had been sitting in our garage since we moved. I often talked about how much I wished we had somewhere to put it because I had missed it. We have all enjoyed time in it. Sam spends time reading in it often or just swinging. I've enjoyed morning devotions or quiet times after work to just unwind, sit and reflect, or thank God for the beauty of His creation. I don't know what it is about having this as a little retreat, but it brings such a sense of peace and unity to our family. We sit and talk, laugh at the antics of the dogs, remember times when it was on the front porch of our old house in Hixson. Maybe it's a bit like the stones of remembrance in scripture. It's a place to recall God's faithfulness to us.

## Seeing more than Numbers

I really love what I do at TWR. I love the detail involved in the accounting work, but it is more than accounting. It is being part of what makes the ministry able to do what it does. As I pay bills, enter the data for wire transfers, and communicate with vendors, co-workers, and partner ministries I see the impact that TWR is making around the world. The people of Venezuela have really been on my heart for many months. I communicate with one of our partners there on a regular basis. They continue to do the work God has called them to in sharing the gospel even in the dire circumstances in which they live. The team is currently doing rallies in the country with *Pedrito el Pulpo*, a puppet from a popular children's radio program aired on RTM Venezuela. They are missing one of their key co-laborers due to a tumor on his liver. Would you join me in prayer for our brother Sil, husband and father to two boys,

who is currently undergoing chemo? Would you also pray that many children will come to know Jesus as they hear about His love for them at these rallies through *Little Peter the Octopus* (English translation). Our station on Bonaire is just off the coast of Venezuela, so the people in this country are able to hear the Good News daily. Thank you for your part in making this possible.

*Kathy Napier*
