Trusting God in a changing world

Dear friends and family,

How are you coping with **change**?

Our technical skills are developing, just to survive. Communicating with family, friends and work colleagues refines our creativity skills. Faith, focus and trust are being exercised as we see a changing economy. And e-church worship opens a door to how big our relationship with Jesus can be – beyond the walls of a church building.

The Bible is filled with people experiencing God through **change** in their lives, opening our hearts to see we are not alone in this **changing world** experience. Just look at the lives of Abraham, Joseph, Peter and Paul.

Beyond the world where we live, it is amazing to see the way God is creatively working in this changing world to make himself known. Here are a few stories of God at work through TWR listeners, **changing hearts**.

Trusting Jesus because he loves Children - Africa

“God blessed me with twin babies who are now five years of age. Some weeks ago they became sick. I spent a lot of money to purchase medicine prescribed by the doctor but nothing helped. I thought it was malaria so I bought many drugs to help with healing. Unfortunately, they did not improve.

“Then I remembered hearing one of the ‘Thru the Bible’ programs in my Fongbe language talking about God’s love for children. I prayed, asking God to reveal the root of the sickness and heal my children. A few days later, while bathing the twins, I noticed a small seed from a bean in each of the twins’ ears! Immediately, I took them to the hospital where the doctor extracted the seeds. With time, they were healed. I am grateful for what God did!”

Trusting God through Discouragement - USA

"I have been a Christian for over 65 years and due to COVID-19 I am secluded in a small town with no open church services and have little contact with others. My family all live 1,500 miles away from me, and to be honest, this is the hardest time I've ever encountered.

"I need encouragement daily to not give in to discouragement and despair, and this program ['Season of Hope' onTWR360] sure ministered. Thank you so much, and God bless you all."

Please pray with us for the following people who are going through an overwhelming amount of change in their lives.

Prayer & Praise

- Our team in West Africa are experiencing many attacks from Satan. Pray for safety and pray for healing as the missionaries struggle with malaria.
- Please pray for our production team in Hong Kong as there is much unrest in this region of the world.
- Pray for our ministry teams in the southern hemisphere who are finding the coronavirus infections increasing as they struggle through winter weather.
- Praise God for a great African finance team! Pray for the girls as David continues training them on the finance process.
- Praise God for the safe return of our son-in-law, Doug (Sarah's husband), who returned home following a year of service in Afghanistan as Army Chaplain.

Blessings dear ones,

David & Flora Rittenhouse
