

Ted & Sally Rork
TWR
May 2019

Hi Everyone,

We hope you are enjoying the beauty of spring as much as we are. We love the spring flowers and always welcome this beautiful time of year. There is nothing so beautiful as God's creation.

This has been an unusual time for us. It is mid-April and, as I write this letter, Ted is in the hospital recovering from surgery. He was born with a mitral valve prolapse and up until this time it has never been a problem for him. A few weeks ago, his heart began beating irregularly. After a check up with the heart doctor, it was confirmed that his mitral valve needed repaired. He was also diagnosed with pneumonia, which meant that had to be dealt with before they could do the surgery. Ted came through the surgery with flying colors. The repair was very successful, and he is looking forward to coming home from the hospital in a few days. We praise the Lord for His healing touch on Ted and the wonderful care he received.

Do you ever wonder how believers and seekers in the Middle East find a church when they are so isolated? TWR not only strives to share the Good News of Jesus, but they also offer discipleship by radio. Here is a letter from a listener in one of the areas they broadcast to:

'You, the TWR broadcasts, are the reason for me knowing what's in the Bible, the Bible that is forbidden for us in our countries. After accepting the Lord as my Savior, I am being disciplined at the feet of your programs. I just want to tell you how thankful I am. Words can never deliver the right heart attitude that I have for your broadcasts.'

Throughout Latin America many lives are being transformed through the Gospel. Where violence and poverty reign, and in areas where missionaries cannot go, TWR is bringing hope and salvation through the power of radio. Bonaire's upgraded 450,000-watt transmitter makes it possible for millions of people to hear the Gospel. More and more people are accepting Jesus as the gospel message is broadcast to places like Cuba, Colombia, Venezuela and Brazil.

Here is a letter from a listener in Cuba:

"I am a housewife and I love to listen to the station and particularly your program. ... I encountered RTM when I was 8 years old. My dad and I listened to the radio station on a neighbor's radio because there was no electricity. We listened to a battery-powered radio. ... I thank you for the effort to transmit in Spanish. I met the Lord thanks to you in 1995. ... I thank God and you for being bearers of the good news of salvation, and I encourage you to continue. There are still many souls who need the Word of God. May God richly and abundantly bless your whole collective."

Prayer and Praise:

- Praise the Lord for the beauty of His creation.
- Praise the Lord for Ted's successful surgery and complete healing.
- Pray for the many believers in the Middle East who face so many challenges as they put their faith in Jesus and strive to live their lives for Him.
- Pray for the ministry of TWR Bonaire. Pray for the millions of souls who have opportunity to hear the Gospel - many for the very first time. Pray that the Lord would soften hearts and give understanding as they hear His precious Word.

We hope you will check out TWR's website (www.twr.org). They are busy doing the work God has called them to do. Perhaps you may want to learn more about what they are doing worldwide. TWR appreciates your interest, prayers and your involvement in spreading the Gospel to a very needy world.

Again, thank you for standing with us and TWR these many years. This ministry is definitely a team effort and you are a very important part. We appreciate you all so very much. ☺ We are sending our love to each of you.
