February 2021

Dear Family and Friends,

Praise the Lord that we can celebrate another new year. I am sure you can agree that the past year was very different than what we have experienced in our lifetimes. It wasn't always easy, but we thank our Lord that He brought us through our trials as well as given us special joys along the way. We look forward to what the Lord has planned for us in 2021. Even though we do not know what the future holds, we know who holds our future. We rejoice that we serve a risen Savior and we can rest in the fact that He has the perfect plan for each of our lives. 😊

Since its beginning, TWR has been heavily involved in reaching the unreached for Jesus. One of TWR's current projects is helping to plant a radio station to reach the unreached in the jungles of Suriname, Brazil and French Guiana. The Wayana tribe, which came to Christ through a missionary couple, is involved in reaching other tribes in the area for Christ. The Wayana people asked TWR to plant a radio station for them to use in this outreach. What a wonderful example of people meeting Jesus then catching the vision of sharing His love with others so they too may hear the Good News of salvation through Jesus Christ our Lord.

TWR continues to make a great impact in people's lives worldwide. Here are just a couple examples.

-Vietnam

"A long time ago, when I was very young, I was rich and popular. My wealthy lifestyle led me to many vices and I was recklessly extravagant. I was unfaithful to my wife and gambled a lot. I was so indulgent until all my possessions were gone. I had to sell everything I had including my house, car and farm and ended in poverty. To make things worse, my wife and children abandoned me. My relatives and friends stayed away from me. I was depressed. I suffered a stroke which led to the loss of both legs. I was paralyzed. I could not walk or do anything other than wait for death. Then I heard about Jesus and accepted Him as my Savior. I was taken to church and there I received a radio as a gift from the pastor so I could listen to your programs. Although my health is failing and I am old, I know God will take care of me as I keep His Words in my heart faithfully.

-India

I am 17 years old and I live with my parents and three siblings. Before I knew Jesus, my life was a mess. I had bad influences from the friends around me. To make matters worse I kept failing my exams which made me feel very low. My father was the only believer in our family and he listens to the radio a lot. One day his friend invited him to a meeting but he forced me to go instead because he had some urgent work to do. I went grudgingly. While I was there, I was given a small media player with an SD card. I brought it home and started to listen. I did not like anything at first so I scrolled to listen to music. Then I heard these words which gave me hope: "I will take away your worries." From then on I listened to many of the messages my father had and came to understand Scripture better. My life underwent many changes as we started inviting our neighbors and family to listen with us. Through an invitation I attended a training course for 9 months and came home for baptism. Now we have a prayer meeting at my house every Sunday and a few people have also believed in God through this meeting. My family experiences joy and I am serving happily.

Prayer and Praise

- Praise the Lord for a brand-new year and for His faithful promises as He works out His perfect plan for each of our lives.
- Praise for God's blessings on TWR in the past year and as He enables them to continue their mission to take the Gospel worldwide.
- Continue to pray for TWR as they follow God's direction as they make decisions in expanding the ministry.
- Continue to pray for the many listeners around the globe that their hearts would be opened to the Gospel and many would trust Jesus as savior.

Thank you so much for your special part in our lives and the ministry of TWR. We continue to pray for your safety and well-being during this time of crisis in our world. We appreciate you all so very much. ☺ We are sending our love to each of you.
