## IRAQI TWR360 LISTENER

*This tremendous online ministry resource continues to grow in popularity and effectiveness. TWR360 now has more than 30 languages available. In October we launched Ukrainian, which joined the countries of Brazil, Indonesia, Ukraine, Turkey and Vietnam, each with between 10 and 20 thousand visitors per day.*

*Recently a call from San Diego came into the TWR North Carolina headquarters. It was an Iraqi Christian who listens to the TWR360 app in Arabic! A friend recommended the site to him and he listens to Arabic programming every morning during breakfast. He was interested to know that there are Arabic radio programs to Iraq for his family there.*

## PRAISE AND PRAYER POINTS

① *In November Bob's PSA level (which was over ten before the procedure, and dropped to 2.1 in August) had dropped to 1.6, and the doctor is well pleased with the progress.*

② *Bob's trip to TWR's office in Cary for our Global Finance Team conference went very well. It was a good time of business and fellowship with our colleagues. Claire and the cat were glad to have him safely home.*

③ *Claire has been granted a visa for our furlough visit to the U.S. next year.*

④ *Bob's mother will be fitted with a pacemaker on December 23 at Lehigh Valley Hospital in Allentown, PA.*

Speaking Hope to the World

TWR, Postbus 231, 3770 AE Barneveld, The Netherlands Phone: (31) 342 406240 [www.twreurope.org](http://www.twreurope.org)

TWR, P.O. Box 8700, Cary, NC 27512-8700 Phone: (919) 460-3700 [www.twr.org](http://www.twr.org) [www.twr360.org](http://www.twr360.org)

## NINE TO FIVE

*Actually, 08:30 to 4:45! Claire has increased the time she works at the office each week.*

*She provides support to Elize Zorgman, the TWR Europe Thru the Bible Coordinator with various administrative tasks, particularly uploading programs and supporting materials to the programs database and editing listener response letters.*

*In 2015 TWR will transition to a new donations management software which will be more closely integrated with our finance systems. Bob has been asked to help coordinate the transition for the finance team.*

*Up to now, Bob's work has been focused on the TWR Europe Region; it will be interesting to look at our work from a global perspective.*

*Some of the transition team members are Bob Hall (Donor Relations), Bob Rothrock and Bob Thorpe (Finance) and Ben Lykins (IT). Three Bob's and a Ben!*

## COMFORT AND JOY

*A South African friend recently underwent surgery for prostate cancer.*

*While Harry was lying in ICU, feeling very ill, he suddenly felt a hand placed on his head. When he looked up to see who it was, there was no one there. However, he had the distinct impression that the Lord was saying: "I am in control of your body and I will heal you." A little later he felt someone take his right hand and hold it. He looked to see who was holding his hand - again, no one visible. He was comforted with these words "I am your friend and I am holding your hand and will be with you."*

*Later, his eldest son told that before Harry's surgery he was very worried about his dad and was praying for him. He had a vision of Jesus sitting in a chair next to Harry's bed holding his hand with His angels standing at the top end of Harry's bed.*

*A very special and intimate expression of God's presence and reassurance.*

*With continued thanks for your prayers and support,  
Bob and Claire Rothrock*
