April 2019

*Peace I leave with you; My peace I give to you; not as the world gives do I give to you. Do not let your heart be troubled, nor let it be fearful.*

John 14:27

## Happy Spring!

Hope you will enjoy the following article about how God is still speaking to us *by His Son* (the Word/Logos) over the airwaves and via the internet!

**World Radio Day: A chance to celebrate God's work on the waves**  
By [MNN Office](#) February 13, 2019

International (TWR Press Release) — Today is **World Radio Day**, and **Trans World Radio** takes the opportunity to join with organizations around the world in celebrating the role of this powerful medium in shaping our lives and bringing communities together.

UNESCO established the observance for every Feb. 13 to draw attention to the importance of radio as a low-cost medium that reaches “the widest audience in the world.” These are the very factors that have helped make TWR the largest Christian media organization in the world, broadcasting gospel programming in more than 230 languages to a potential audience of 4 billion people.

### Sharing Peace and Hope

This year's theme for World Radio Day – “dialogue, tolerance, and peace” – fits well with the Bible-based vision that TWR strives to

fulfill. The 65-year-old ministry's program content guidelines are based on scriptural principles that reflect the theme. Scripture like Paul's words to the Ephesians: “Let no corrupting talk come out of your mouths, but only such as is good for building up.” And Jesus Christ's own words: “Love your enemies – pray for those who persecute you” and “Blessed are the peacemakers, for they shall be called sons of God.”

## #TWRtestimony

TWR changed my life and has become my family in the last five years when my family, after inviting me to live with them, threw me out. I most certainly would have committed suicide. ... I suffer with MS, a disabling struggle, and TWR made a pathway for God to talk to me.

Even as TWR grows its ministry in emerging technologies, the ministry continues to invest in terrestrial radio. Three recent projects make the case: A \$3.8 million campaign turned TWR Bonaire into the most powerful AM station in the Western Hemisphere last year; the new Silk Road Transmitter is being installed in Central Asia to reach out to people who have no other way to hear the gospel; and the \$1.25 million Oasis project underway today to reach into the troubled African giant, Nigeria, and its neighbors.

TWR CEO Lauren Libby says, “Radio is an old technology that is still a very relevant platform. In fact, as we hear about the internet closing down in more countries, or being censored, then cross-border platforms become very important and particularly radio. From our standpoint, Jesus said, ‘Peace I leave with you; my peace I give to you. Let not your hearts be

troubled, neither let them be afraid.’ And that's our whole mission is through media to bring peace first of all between God and the individual and then to translate that peace between individuals.”

## On the Family Side

The adoption is finalized. Please meet our Ohio grandkids; Kaitlyn (15), Marcus (14), Lukas (12), and Iris (7).

## Praise Items

- For the finalization of the adoption of Micah and Nicole's foster children: Lukas and Iris!

## Prayer Requests

- For wisdom and discernment as Bob continues to work on the necessary reports for TWR's new financial reporting model
- Nicole's mom, Carol, went to be with Jesus on January 13<sup>th</sup>: pray for the whole family as they traverse the grief process

## Making others aware of His peace,

*Bob & Kelley Thorp*
