July 2020

For you know that it was not with perishable things such as silver or gold that you were redeemed from the empty way of life handed down to you from your ancestors, but with the precious blood of Christ, a lamb without blemish or defect.

1 Peter 1:18-19

Greetings Faithful Friends!

These are trying and emotional times, especially for those who don't know the Lord. We praise God for His Word that brings life and peace to those who seek. We thank Him for your part in this ministry of reaching people. Because of you, people in Sri Lanka have heard the Word and lives have been changed. Thank you for partnering with us in sending out His Word to a hurting world. We are praying for you as well.

It's been years since we lived and ministered in Sri Lanka, but the people there are still very dear to our hearts. So, today, I'd like to share with you recent letters from Sri Lankan people who are responding to our broadcasts. Some follow

other religions, and often think they are finding the programs by accident, but God is sovereign. Even though no names are given, please pray for these people: God knows who they are.

Listener Responses

From Sri Lanka

*I come from a different faith. I listened to this programme **by accident**. But today I would like to accept Jesus Christ as my Saviour. This program helps me to know and learn God's word.*

I'm not a Christian but I listen to this programme every week. I love this programme it's teaches very meaningful things. I got to know about Christianity from this programme. I attend a church for few months. I want to know more about Christianity, can you kindly help me?

I am a woman in my late 30s. I am from a different religious background. My parents died some time back and I don't have any siblings or relatives. I work in a garment factory and I live alone. I like to learn about Christianity. I need to accept Jesus Christ

*These days, we listen to the radio a lot because we are at home due to the pandemic. We tuned in to this programme **by accident**. It is fortunate for us to listen and study the word of God in a time like this. This is the first time we listened to this programme. We cannot attend church or go out*

from our houses due to COVID-19, but it is great to be able to listen to this programme in this situation.

I am a Christian. I have been listening to this programme for more than two years. Before, I was addicted to alcohol. But now I have accepted Christ. This programme helped me to change my life to recover from alcohol addiction.

I am from a different faith, I've listened to your program for about two weeks now. Your programme is good. Thank you.

I am a Christian. I was trapped in a friend's house due to the curfew. I was listening to the radio from his house and I found your programme while I was tuning the radio. I started to listen to your programme. It is a very good program. You clearly explained the word of God. My friend, who isn't a Christian, also listened to the programme with me he also likes it very much.

We get together with our kids as a family and listen to this programme.

I am a Christian and I listen to your programmes regularly. I have been so blessed to listen to this programme. It is very important during a pandemic situation like this. I feel TWR is doing a great service to the country in a time like this. We as Christians cannot go to church today to gather and worship but your programme is such a blessing to us in a time like this. We get together as a family and listen to your programme.

Thank you very much for the programme on book of Ephesians. God

has spoken to me from this programme. As Paul shared the good news even when he was in prison I have realised that I also need to share the good news in this situation.

TWR's Radio Home Groups

In regions where people want to listen to Bible teaching but do not have access, TWR provides discipleship and leadership training to build up leaders and places radios, or media players in individual homes and encourages the family to gather with friends and neighbors to listen to TWR programs in small groups. The people actively listen and study the Word of God together in a systematic way. The Radio Home groups often develop, and multiply as spiritually mature group members become ready to lead new Radio Home groups.

From a Pastor – Thank you very much for giving us an opportunity to start a Radio Home programme in our church. The importance and the value of such a programme is very much evident in this COVID-19 lockdown period. I was really worried and thinking how to share the Word of God with my church believers, and how to share the gospel as soon as the government announced a lockdown. But thank God I was able to use the Radio Home players you have given to nurture the believers of my church during this period. Every Sunday all our believers – including myself -- get together at 10 in the morning and listen to a Radio Home lesson in our own homes as a church that is gathered by one spirit even though we are physically distanced. Also these lessons have been very much important to me. There were

times I got really discouraged but I get motivated and energized when I listen to the Radio Home lessons. The most important thing is there are non-believers also living among our church believers houses. Our believers use these Radio Home lessons to share the gospel with their own non-believing family members. I have heard already some of this non believing family members accept Christ after listening to these lessons. We thank God and pray for your ministry regularly.

From a Pastor - There are many non-believers living in our believers' households. Through Radio Home programmes we were able to provide solid lessons about and from the word of God in a developmental manner to our believers and for new comers in the church.

From a Pastor - This is a blessed program for a rural church like ours. We are located in an area where the majority . . . are Buddhists. Even without any pandemic situation, gathering our church believers in one place used to be challenging. I have tried hard to start a Bible study in the church and however it didn't happen. But with this Radio Home programme I was able to start ongoing Bible study groups in my believers' houses.

Family Update

- Galen & Annie – Due to the pandemic, they home schooled their two oldest and Galen was able to keep up with his office work

- Micah & Nicole – Likewise homeschooled their ten children and with a baby in their home! They became foster grandparents in May - a teenager they took in has given birth (Mother and baby are fine). Their children are growing up. Their oldest biological child, Kaitlyn, has graduated high school. She and Marcus are both buying cars. Micah's job closed due to the pandemic, but he was able to start a new job within days after being notified! Also, Micah has joined the Army National Guard.

Praise Items

- For the Word of God that changes people's lives!
- For effective programs that help seekers find Jesus!
- That during the pandemic, Kelley and I have both been able to continue to work!

Prayer Requests

- For seekers to hear the Word and find the One they seek
- For all, home and abroad, to find peace in the Prince of peace during these "trying and uncertain times"

That seekers may find peace and joy in Him,
