Speaking Hope to the World

Did You Know?

TWR's towers in Central Asia were originally built by the KGB.

VanDyken's News

Relocating Again!

We are excited to tell you that, Lord willing, we are relocating **to the island of Cyprus** to join the TWR Europe staff.

TWR has asked **Daryl to become the European Technical Director**. He will be overseeing TWR's transmitter sites in the European region, broadcasting to places like Russia, Pakistan, Afghanistan, and the Arab-speaking world.

Carol will be assisting with Human Resources in the new office with the staff who have been relocated from Europe.

We hope to be able to be in Cyprus **by the end of September, 2018**. In order to make this move, **we must raise a Ministry Fund** to cover plane tickets, shipping some household goods, taxes on those goods, buying a vehicle (they drive on the left side of the road!) and setting up a household there, among other things.

Let us know if you have any questions about this upcoming move—we'd love to tell you more about it!

If you would like to help with our Ministry Fund, you can give online at <https://www.twr.org/global-staff/vandyken>, or send gifts clearly marked 'VanDyken Ministry Fund' to the TWR office, P.O. Box 8700, Cary, North Carolina, 27511-8700, USA.

Here is a map, in case you wondered, **"Where is Cyprus, anyway?"**

Prayers and Praises:

- We are thankful to Him for 35 years of marriage this month!
- Pray for all the arrangements that need to be taken care of before we can leave for Cyprus.
- Pray for the Lord to bring in our ministry fund.

This Is Why We Do What We Do

Estonia Transmitter

TWR leases broadcast time on a transmitter in Estonia. Right now its signal reaches well into Moscow, but we would love to see it also reach St. Petersburg. This would involve adding another tower and is an example of the type of project on which Daryl will be working.

A recent fun project for Daryl was to help dismantle a retired transmitter so that the parts can be sent to TWR's West Africa Transmitter Site.

The station in West Africa reaches areas like Nigeria and Liberia. Pray for a rich harvest from that transmitter!

While travelling through Central Asia, our colleague met a taxi driver who is a believer.

He drove all the way to the Kazakh border, where they parted and travelled further.

On the ride, he said that he is an evangelist and drives a taxi to earn a livelihood.

He uses the taxi to evangelize in his own unique way, and our FM broadcasts play an important part in it. When the time for the program comes up, he switches on his radio. Whoever sits in the taxi hears the broadcast. Often people ask whether it is a CD or a tape. When they hear it is a radio program, they listen very attentively.

After the program, he engages his clients in a discussion about his beliefs. So the taxi ride turns into an evangelistic event.

Pray for our brothers and sisters in Christ around the world who are using TWR's broadcasts for outreach!

Can you help us? We would love to spread the word about what God is up to around the world through TWR. If you could help make an appointment for us with your church, Sunday school class, small group, or even host us with some of your friends in your home, we would be thrilled to come and make much of what God is doing through TWR.

If you can connect us in this way, please let us know, using the contact details below. We will make a plan to come and meet with you!

Thank you so much for your ongoing support and care through the years. We appreciate it!

Blessings and thanks, Daryl and Carol
