

The Beabout Broadcast

Serving with TWR in Cary, NC and beyond.

TWR360

Greetings from Cary, North Carolina! At the time of this writing, we are still feeling the effects of Hurricane Florence. Although we were not directly affected by the monster storm, many in our surrounding areas will be in recovery for a long time. We must not forget those who were directly affected by the storm's path. Please continue to pray for the recovery efforts of those who were less fortunate and lost loved ones and personal belongings. Hurricane Florence will be remembered as one of the worst that North Carolina has ever experienced.

For the past several months, I have been involved with a major renovation project of TWR's office building here in Cary. Although, in many ways, it has been out of my comfort zone, (because it has had nothing to do with transmitters), I am thankful for the assistance I have been able to provide. The picture to the right shows me working in with another man installing sky lights. After many months of long hours and hard work, the project is now completed! My time will now be redirected back to transmitter support. I'm anticipating travel in the near future assisting with projects in Bonaire, Africa & Guam. While not traveling, I will continue to support the maintenance team here in Cary.

Thank you for your continued prayers and support for our family and our ministry with TWR for the sake of reaching the world with the life-changing message of the Gospel of Jesus Christ.

Joyfully in HIS Service,

Perry & Jodi

Since arriving here, I have learned more about what goes on at the TWR office in Cary. There are so many very important ministry efforts on various fronts. One ministry that has caught my attention lately has been TWR360. This ministry is growing and being used to reach many via the TWR360 app that can be downloaded to a computer or mobile device. Let's say you have a neighbor whom you are trying to reach and you don't share a common language for deep conversations. Why not introduce them to TWR360? With just a quick download they can begin listening or watching programs in their language. Currently TWR360 programs are produced and translated into 63 different languages and dialects. I encourage you to check it out at <https://www.twr360.org/> I think you would discover a great tool for ministry.

One week I worked with Larry McGuire and Jim McIntyre on the roof installing 5 skylights for additional natural lighting. This was another learning experience.

Ministry Needs:

Please pray for our support shortage. The last time we wrote we had a deficit of \$745/month. Currently, the deficit is \$540/month.

Pray for donations to be added to our transfer fund.

If you feel led to give to our monthly support need or transfer fund, you can do so using the link located below our address and designating it to monthly support or transfer fund.
