

Until the Whole World Hears

The Becker Family M&M's - August 2018 Update

A listener response from an elderly woman in Pakistan:

"I am seventy years old. Some months ago I fell sick and was too weak to walk and was put on different medications. However, nothing worked and even my family members gave up. As I listened to God's word over TWR's radio broadcasts, I felt peace. We did this for seven days and I felt an incredible strength surge through my body. Miraculously, God healed me completely. My recovery and healing surprised many around me and their faith also increased. Praise the Lord!"

What is in Milwaukee, Wisconsin? For the week of July 9-13, it was TWR training for Mitch and Melinda. SYIS, or "Sharpening Your Interpersonal Skills," is designed to "enhance the knowledge, attitudes and skills of Christian ministry workers for relating well with family, co-workers, friends and those from other cultures." Who couldn't use a little of that? We learned about listening, advice and problem solving, conflict management, stress, and suffering loss, but our favorite part of the week was learning from other missionaries and hearing their amazing faith stories. Guess what else? Mitch and Melinda were childless (GASP) for 144 hours. Our reduction in crazy was a huge gift to us and monumental gain for the Clark family, whose posse of nine became 14 for the week. The Becker children were thrilled to kayak at the "Camp Clark" pond, ride in the family bus and have

The Beckers have 79% of their ongoing/monthly funding in place!!! We are praying to move to the island of Guam in early 2019. Do you have a church or small group we could share with about our mission? Perhaps you'd be interested in being one of the remaining 16-18 individuals/families to join our support team and be part of sharing the gospel with millions!? Please call/email us or go to www.twr.org/mbecker

loads of time with our precious friends! We're THANKFUL (and one step closer to Guam)!

A friend recently said that we don't have four Becker boys, but that we have the same Becker man-child at varied age increments. I suppose, if you've known any little Becker dude, you will not be surprised by how similar this report about Manoah (age two) may sound. Here is the lowdown: Manoah is CURIOUS (into everything). He is ENERGETIC (awake at six am, always). He is FEARLESS (trees, chair backs, inside the refrigerator are standard play gear). He is CREATIVE (save paper - use your skin for coloring). He is BUSY ("on" and "off" are the only two settings), IMPARTIAL (Momma rules!), a GIFT (a treasure).

*** Please continue to pray for Mahala (Mongolia) and Micaiah (Mexico) as they serve with Teen Missions this summer!! Go to www.teenmissions.org to see their trip reports.
