

Speaking Hope to the World®

## Hixon Family News March 2016

Dear friends,

2016 didn't take long to get fully going did it? January slipped away too fast and now the 1st quarter is nearly history. We were blessed to have Ray and Ruth Johnson with us from Connecticut for a few days followed up with friends, Dannie and Elaine Gentry from Michigan.

Our daughter, Jodi, has recently introduced us to playing Scrabble on our iPad. Its a fun game to play, but then when more urgent matters arise like errands, shopping, etc. we can leave it and continue it later. An ongoing game with Jodi and grand-daughter, Lili is great fun!

Carolyn and I enjoy Monday evenings with our small group bible study. We meet with three other couples and our church has several groups meeting in homes. Our study is in the book of John. Our pastor, David Hogg, shares several questions from the Sunday's sermon which make up our weekly group study format. Roger is also studying the book of Revelation in the BSF (Bible Study Fellowship) program on Tuesday evenings.

We had an ice storm move through our area in January too. The result was downed trees and folks without power....some for several days. It's hard to see the good side to these storms, but there is plenty of firewood for the taking. Roger has been picking up some of these birch and maple hardwoods for John and Sherri to use at their Homestead. Roger enjoys the work and they're glad for the firewood. On a larger scale, North Carolina Baptist Men are quite involved in cleanup throughout the State. Roger is glad to participate in the NCBM Recovery program and he is scheduled to update his certification in March to be able to help those many families who have been affected by the storm.

We do appreciate your continued interest in the work of TWR and in our family. Thank you for praying for us and for your financial gifts which offset the costs of our retirement. We do have a short fall in our present financial support. One of our supporting churches is going through difficult economic times and trusts it is able to continue its financial support and has asked us to pray for their ability to continue. If you feel the Lord would have you participate in our monthly giving you can contact TWR directly. Thank you.

TWR expects Dr. Jeremiah's, *Turning Point Radio Ministry* to begin airing Hindi programs in early 2016. We trust the Lord to use this partnership to effectively reach more people for Christ. "TWR is privileged and grateful to co-labor with *Turning Point* in reaching a huge population of the world," says TWR President Lauren Libby. "Dr. Jeremiah's sound biblical teaching will be valuable to all who hear."

Respectfully,

***Roger and Carolyn Hixon***
