Letter of response from Japan

“Thank you for giving us a great message and gospel song tonight... the DRM broadcast ..I've learned that we have to read the Bible. We have to read it differently... I've learned that from now on I have to read the Bible like I'm looking for natural resource items in it, and I've learned that God asks us to do it. I give thanks to the engineers, all the staff and brethren who are involved in delivering this program.”

Warm Guam Greetings!

During this holiday season, as we consider what things we are **thankful** for, naturally our salvation and relationship with God is at the top of the list. However, family, friends, and you, our supporters, are also cause for **thanksgiving**. In November, TWR acknowledged Doug's **30-year milestone** in ministry with the mission. Remarkably, a number of you have been supporting this work for all, or most, of that time! Others of you have joined later in the journey, and we are very **grateful** to have you aboard our support team as well. **THANK YOU** ALL! It sounds cliché, but it is a fact that we couldn't have done this without you!

If you look at the photo below, you might think that it is a web page on the internet. Instead, it is data downloaded over DRM (digital radio) which was part of a broadcast to Japan. See the sidebar on the left for more information and a listener's response.

Sticker sent to regular listeners

(Left) Imagine the pleasant surprise of receiving a picture of one listener's verification card from KTWR's **first week of broadcasts in 1977!**
 This listener is from India.

Please pray for the girls as they face many challenges in continuing their college studies during this crazy time! Pray also for the pastoral search process for our Guam church. It is not easy to make progress during a pandemic!

Celebrating the Savior's birth and praying for those who have not yet heard of His deep and unconditional love for them.

Gratefully,

Doug, Denise, Sarah & Joy Gregson
