

But you are a chosen race, a royal priesthood, a holy nation, a people for his own possession, that you may proclaim the excellencies of him who called you out of darkness into his marvelous light. 1 Peter 2:9 ESV

Dear Ones,

The Lord has blessed the efforts of those who were involved in TWR's Silk Road Transmitter Project. The 200 kW AM transmitter had to be transported from Europe to Central Asia, then local workers installed it along with a newly designed cooling system. After the tuning process and thorough testing, the transmitter was ready for operation. The regular broadcast was started on June 10 for several people groups.

Please join us in prayer that the biblical messages broadcast in the daily 2.5-hour program block may be used by the Holy Spirit greatly for the spiritual benefit of many people in the so-called 'stan' region of Central Asia for the glory of God.

My role in this project was to assist my colleagues in Europe with generating radio reception information using our remote monitoring system and other broadcast monitoring systems available in Central Asia via the Internet.

The Lord has granted TWR a summer intern, Daniel, for the task of developing a software module for our global broadcast monitoring system (in-the-making) based on the KiwiSDR. Presently, a few of us work together on this global project under the leadership of my colleague, James, in South Africa. Pray for good progress in this software development.

The Lord has been encouraging the producers of Arabic programs with listener responses like this one from Samir living in Palestine: *While tuning in a radio station, as I was seeking some entertainment, I stopped at a nice song that had a soothing rhythm. Although the words were so strange to me -- it was talking about a Savior, a Lord, basically praising Him -- I kept listening. As someone came up explaining that he would finish talking about part of a book, then he said the Holy Bible, I listened even more. I really didn't understand the background of the program, but at the end the presenter said something that caught my attention. He said something about the peace of God "And the peace of God, which transcends all understanding, will guard your hearts and your minds in Christ Jesus." I was wondering if you could tell me how I can be at peace and how this kind of peace comes from Jesus?*

Thank you for your faithful participation in this global outreach for Christ!

In Him,

*Kalman & Annamarie*
