This year has been flying by as we begin our first summer here in North Carolina. We are thankful for the many blessings that God provides, which leads to some news we are excited to share with you.

Our family is going to be joined by a new member in early January! Last week Jennifer had her first ultrasound and caught a glimpse of the little growing baby. We praise God that Jennifer's pregnancy has been going well and that the baby is developing as expected. Soon we will be thinking through what needs to happen before we welcome a new baby to the family, and the anticipation of whether Natalie will have a brother or sister keeps us looking forward to what God has in store for us. Please pray that Jennifer will soon be over her morning sickness and have the energy she needs to keep up with the housework and Natalie.

We are excited to announce that Tyler has stepped into a new role with the MOTION team. When Tyler started, his role was Assistant Video Producer, now he is excited to contribute to the team as Operations Manager. His role will still involve producing videos but has taken on additional administration responsibilities including technology oversight, budget and finance, and logistics for trip coordination. Please pray that God will give him the abilities he needs to fulfill those responsibilities.

The MOTION team has been busy as we look forward to projects that will take place over the coming months. Tyler will likely travel in August for a listener story video. The listener story theme is spreading the gospel beyond barriers and will feature a listener who used to live in Central Asia. Plans are also coming together for a video production project in July. Tyler is helping coordinate details for upgrading one of TWR's studios so our team can start using this larger studio for video projects.

Thank you for your prayers and support!

Meet MOTION

Kayla Schlipf is a digital illustrator and part of our wonderful MOTION team. She first served as a summer intern, and then came on with TWR to serve full-time 3 years ago.

Kayla asked for these prayer requests:

- For supernatural creativity in every project I work on.
- That I can be fully invested in the people and places that the Lord wants me to be.
