## Lawton Ministry Update

Dear family and friends,

I hope this finds you well during these challenging times. Things are starting to lock down again here but times like these always make me reevaluate my priorities. And it seems to be doing this to many others so that they are opening themselves up to serving in missions. Praise God for silver linings.

### SUCCESSFUL SUMMER MISSIONS

I'm excited to be able to report to you that we were able to host fourteen summer missionaries this year. Seven served overseas and the rest served here in North Carolina or remotely. Selena, who served as an accounting intern on Guam for our Asian region said that her experience was life-changing and that she is looking forward to seeing how God will use her finance talents to serve him in missions in the future. Savannah, even before the end of her internship, said that she is ready to serve God full-time in missions and went ahead and put her application in! To see some of their stories, go to [twr.org/news](http://twr.org/news) and filter by Internships.

### ENGINEERING MISSIONARY HEADING TO BONAIRE

Just last week we commissioned an electrical engineering missionary to serve at our broadcast location in the Caribbean. From this location, at 450,000 watts AM, we can bring the Gospel to Cuba, Venezuela, and the rest of Central and northern South America in Spanish, Portuguese, Macushi and English!

### BRINGING HOPE TO HAITI

Here is an excerpt of what TWR is doing to minister to the people of Haiti. *Located in one of the cities hardest hit by Saturday's deadly earthquake, the newest radio station of TWR's national partner in Haiti remains on the air reaching out to traumatized listeners. 4VEH is headquartered on the northern side of Haiti, while our new station is located in the southwest where the main force of the magnitude 7.2 quake was centered. The station's staff was safe, reported 4VEH's Global Communications Director Kate Michel, and program hosts went on the air to field phone calls, provide timely information and encouragement, and pray for the nation. "Today, Sunday, is typically when many Haitians put on their best clothes for church and enjoy fellowship, worship through singing, prayer and teaching in the Lord's house," a new post on 4VEH's Facebook page reads. "Though it will look different today, pray that people will draw strength and comfort from the Lord and from the body of Christ today." As 4VEH stations continue broadcasting in-country, TWR Bonaire's powerful AM transmitter 500 miles away daily beams to island Bible teaching in Spanish, English and Haitian Creole.*

Thank you for reading my newsletter, praying, and for your partnership in making this ministry possible. May God richly bless you.

Alan Lawton  
Director of Mobilization

### PRAISE GOD THAT...

- 14 summer missionaries served here and overseas and all returned home healthy and did a great job!
- Two summer missionaries are talking with us about returning as full-time missionaries.
- New teammate, Jennifer, has taken the reins of our short-term programs and is doing very well.

### PLEASE PRAY FOR...

- Our fall recruiting at colleges and missions events that they will be fruitful.
- Our staff here and around the world that they will stay healthy and effective.
