

Stav's News, April 2019

Greetings from the Kingdom of Eswatini

Eswatini. (Swaziland). Is locked down at present. Thankfully broadcasting is considered a high priority, so we have been able to continue sending out the Good News of the Gospel. We are of course trying to be wise with social distancing and handwashing. In addition, staff are taking home TWR vehicles to avoid using taxis. The maintenance and technical teams are also operating separately. Where possible and prudent staff are working from home.

Staff - -Please continue to pray for the Lord to provide us with two engineers.

West Africa Transmitter Station (WATS)- last week the new Volvo generators were adjusted and connected to power the second transmitter.

Programs are going out over it directed towards Nigeria. Response is being received although the transmitter needs some more work to get it up to full power. Please continue to pray for that.

Responses to TWR Covid-19 programs in Arabic- Many times, humanity thinks that it reached an ultimate scientific level and they consider God not useful anymore. Our achievements made us all arrogant. This tiny microscopic virus made us feel insignificant and left us scared. I just say, may Your will be done Lord. And may TWR Arabic ministries continue to spread hope during these special times while many are being locked down. Your messages send us hope and salvation. May they reach the hearts of those who let go of God.

Dear friends at TWR, your encouraging message came to us just in time at this era while fear is the common factor to all. Pray for our peace and safety.

Although I'm worried about tomorrow, I trust that

Through this I'm learning to live day by day, cannot think about the future in whatsoever way. I need prayers, I'm worried.

Family. Our 4th grandchild, Beth, arrived safely on the 9th December. We enjoyed the opportunity to

assist in the home and stayed until the 30th December. We were able to our other children and their families when they visited after Christmas.

Stephen's Mom passed on to heaven on the 27th February. We are thankful that she passed on peacefully and that we could attend the memorial service on the 9th March.

2 Ch 7:13 & 14 "When I shut up the heavens so that there is no rain, or command locusts to devour the land or send a plague among my people, if my people, who are called by my name, will humble themselves and pray and seek my face and turn from their wicked ways, then will I hear from heaven and will forgive their sin and will heal their land."

We thank the Lord for each of you, for your support and partnership with us in the Gospel.

Listener response :-

I am Brother Idrissa, a faithful listener of your sermons "the prophets" in Bambara. I am very happy with your teachings which are well inspired by the Word of God. I praise God for allowing me to benefit from these messages made and broadcast in my native language. God bless you in your ministry. *I.S - Listener, Côte d'Ivoire*

My name is T.F. Fortunately, we have a radio for our neighborhood. This is what is replacing the pastor here at home. I reside in a back area and access is very difficult. We revolve around three people and it is your program that builds us here. Once the time comes, we go to our radio to listen to you. And that makes us feel good. That's why I decided today to call you to thank you for your work. God bless you!

Hello sir, my name is O. A. I always listen to the teachings on the radio. But I am not yet a Christian. I intend to give my life to Jesus, but it is difficult for me. Since my husband learned that I wanted to give my life to Jesus, he became furious. He hits me all the time. My mother also insisted that I do not proceed. I left the house because of the suffering my husband inflicts on me. It's hard, I do not know what to do.

I am Sister Gniantcho, I listen to your teaching program "The Prophets" in the Senufo language and I do not miss any of them, I want to give my life to Jesus Christ, and accept Him as my Lord and my Savior, I have heard his call and I have made the decision today to turn to him and give him my life, I want to thank him for this immense love he has for me, I want to thank Jesus Christ for giving his life on the cross for me. Today, I come back to him, I go home, I ask him to forgive all my sins, I beg him to forgive me and to purify myself of all unrighteousness, I entrust my life to him, I ask him to lead me, and open my eyes so that I can contemplate who he is and discover the wonders of his kingdom.

I am a pastor living in Abomey area. I really enjoy listening to TTB FONGBE programs for, it helps me grow up in my faith and enrich my knowledge about the word of God. And when I am blessed by the Word of God, I use it to bless the church I am leading. Last month, I received in my church, a possessed woman. She has practiced magic for years and her life was full of many demons that lead her life. I prayed with her, and thank God that after that prayer, this lady has been set free and she testified that God touched her life after many years of slavery in the kingdom of devil...

I am very happy to be one of the listeners that are faithful to the Programs of TTB FONGBE, the teachings help me to face challenges in my life. Three weeks ago, a sister of mine was seriously sick. Her tongue filled up her mouth and came out. The hospitals said they could do nothing. Then I remembered a teaching I heard some time ago, on TTB FONGBE when I got saved, that through Jesus, I also have the power to pray for healing. When we desperately left the hospital, we went to a prayer meeting. We called on the name of Jesus asking for the healing of our junior one. Some hours later, the tongue that was swollen became normal and her pain stopped. I am not only joyful for what happened but also grateful to God for what he did that day. This miracle has been possible because of the truth I frequently listen to on TTB FONGBE.
